Working walls

We also discussed working walls in classrooms and how they were beneficial:

Year 2: Working walls for literacy and maths. They have key characters and labels on them. They help learning every day.

Year 3: learning walls are ok but need to be more fun to help us. Literacy- this one helps us to check right words.

Words to help with writing. Look at working walls during writing. Don't use for maths.

Year 4: Maths questions help a lot. Don't get much time to answer the questions that are on them.

Year 5: Literacy working wall helps, gives us better words to use for happy and sad. Numeracy- sums on wall. Miss Spearman gives us time to answer questions.

Year 6: Helps when in learning time.

KS2 Amphitheatre

Discussed the prospect of different activities happening there. All members were to discuss with their classes. Shannon and Daisy want to run a dance session. Samuel in year 6 is going to do some drum sessions. Kieran was interested in running plays and
