Co-Heads of School: Katie Cutajar and Natasha Tilley

Thursday 9th March 2017

Dear parents and carers,

We have a fantastic opportunity to offer the children in Birch Class. The compass partnership has managed to secure funding that will enable us to offer a **series of outreach sessions delivered by Wide Horizons completely free of charge**. This will involve three sessions based on our science topic of microhabitats. Two of the sessions will take place in Parish Wood Park which is an approximate 10 minute walk from school, and one session will be delivered at school.

The children will be able to create their own habitats for different animals, build a microhabitat or bug hotel and identify and classify mini beasts. Throughout the sessions they will be developing their team working skills and having lots of fun.

The dates for the sessions are:

Wednesday 15th March

Wednesday 22nd March

Wednesday 29th March

Children are still required to wear their school uniform on these days but please be aware that they will need to bring appropriate footwear to wear i.e. trainers or wellies on the days of the sessions.

Please contact us if you do not wish for your child to participate in this exciting opportunity.

Yours sincerely

Mrs J Hill

Birch Class teacher and Science Coordinator
