To the parents and carers of Year 6,

Thank you for so much for your cooperation with supporting your child's learning at home. We will of course miss being with the children, however we are confident that the children will have a great learning experience whilst they are at home.

This is what the curriculum will look like for your child over the next two weeks. We expect all children to engage with **google learning** via their **google classroom** and log in at least once a day. We expect them to let us know that they have completed the learning tasks set by **turning in** on the Classwork area of google classroom. If they are able to attach the learning, they have completed using a photograph or a google document then teachers and support staff will be able to respond to the learning. We will communicate information to the children via the **google stream** and set tasks in **Classwork**. Teachers and Support Staff will be available to discuss learning and feedback during the school day via the Google Classroom messaging function. Our live meet sessions will happen on Wednesday and Thursday mornings at 10.30 am.

If for any reason your child becomes unwell, do let us know so that we do not expect them to be available for their learning.

Please get in touch if your child does not have access to a device where they can access google classroom as we may have some available for them to borrow at this time. The online learning does **not** need to be printed off and can be completed either on google or in the children's home learning books. If you are in need of a paper pack version of the online tasks, please let us know however we are not able to supply copies of the teaching slides.

We look forward to welcoming you all back in two weeks' time.

Warmest wishes,

Mrs O'Donnell and Mrs Archer
