

Compass News - Digital Learning team focus

The Compass Digital Learning team is made up of digital leaders (classroom teachers and school leaders) across our Trust. Our aim is to focus our schools' digital learning strategies for the benefit of our children. We meet on a termly basis and discuss a range of issues such as updates on global technologies, the computing curriculum, our digital learning framework (which is our assessment tool) and supporting staff professional learning. We are currently exploring Trust-wide opportunities for children, including:

- A visit to Microsoft Store in Oxford Circus to explore their education zone
- Continued work with Microsoft, Google and Apple
- New teaching tools available to all children such as, Google classroom, Adobe Spark and Microsoft Whiteboard

Our schools have also been given the opportunity to take part in the literacy film festival project - watch this space for more information on this exciting opportunity.

Compass Events – open to all of our schools
